Gentlemen:

The Neva-Clog stapling pliers, Serial number 140576, which we purchased from you several months ago, is not functioning properly. We would like to know whether there is an agent in New York City who can repair this or will it be necessary to mail the pliers to Bridgeport? We sent the guarantee certificate as instructed, after purchasing the pliers.

Very truly yours,

Gentlemen:

Under separate cover, we are re-  
turning to you the Neva-Clog Stapling Plier  
which we purchased sometime ago. When used  
on two sheets of paper the staple does, <sup>not</sup> seem  
to clamp as it should, and holds the papers  
together in a very loose fashion. We would  
appreciate having you repair these pliers,  
as soon as possible, as they are in daily  
use in our office.

Very truly yours,

AMERICAN NUMISMATIC SOCIETY
